How 'The West' Beat 'The Rest' With Six 'Killer Apps' : NPR

Ferguson's thesis: there are six killer apps and a civilization needs these in order to be dominant. The killer apps are competition, science, technology, medicine, consumption and work. Ferguson devotes a chapter to each. His chapters on competition, science and technology are well-organized and support his thesis quite well.

Civilization: The West and the Rest by Niall Ferguson

I got through it quite quickly and was genuinely interested what Ferguson had to say on his “six killer apps” of Western civilization – competition, science, property rights, medicine, the consumer society and the work ethic – and how they contributed to the “ascent of the West” which he describes with a flourish.

Niall Ferguson's Civilization - A Review - An Historian

The answer, Niall Ferguson argues, was that the West developed six "killer applications" that the Rest lacked: competition, science, democracy, medicine, consumerism and the work ethic. The key question today is whether or not the West has lost its monopoly on these six things.

He suggests half a dozen big ideas from Western culture -- call them the 6 killer apps -- that promote wealth, stability and innovation. And in this new century, he says, these apps are all shareable. This talk was presented at an official TED conference, and was featured by our editors on the home page.

Niall Ferguson: The 6 killer apps of prosperity | TED Talk

It did so by downloading six “killer apps” from the West. Those killer apps are institutional ideas that the West cultivated and embraced to promote wealth, stability and innovation: political and economic competition, the scientific revolution, the rule of law, modern medicine, education and the work ethic. But now those apps are no longer monopolized by the West, Ferguson said.

Niall Ferguson: The 6 killer apps of prosperity - YouTube

Western civilization developed six killer applications, which enabled it to dominate the rest of the world. A spirit of ruthless competition, developed in Europe, was vital for the development of capitalism and Western power. The development of scientific principles gave the West a crucial advantage over other societies.

Civilization by Niall Ferguson - Blinkist

Ferguson identifies six ‘killer apps’ of western civilization – deceptively simple concepts with complex coding behind them – which he believes set the western world apart from the west. In his defence, he uses non-western as well as western sources in his argument.
