Dressed To Kill: The Link Between Breast Cancer and Bras ...

Bras, we discovered, are the leading cause of breast cancer. Like corsets, they constrict and interfere with circulation. Lymph fluid cannot easily drain from a bra-constricted breast. This stagnant lymph fluid cannot be adequately flushed away, concentrating waste products and toxins in the slowly toxifying breasts. Backed-up fluid results in cysts and pain. Ultimately, this can lead to cancer...

new illuminati: Dressed To Kill: The Link Between Breast ...

Dressed to Kill is a 1995 book by Sydney Ross Singer and Soma Grismaijer that proposes a link between bras and breast cancer. According to the authors, the restrictive nature of a brassiere inhibits the lymphatic system, leading to an increased risk of breast cancer. The book's claims are considered unfounded by the scientific community, and researchers have criticized the authors' methodology as faulty. Major medical organizations including the National Institutes of Health and the American Can
