Football Betting Lay Draw Strategy

The main idea behind the lay the draw strategy is that we are initially betting AGAINST the draw safe in the knowledge that when a goal is scored in football the price on The Draw will rise and we can trade our bet out by now betting FOR the draw.

Lay The Draw Football Trading Strategy- The Ultimate 2020 ...

How the Lay the Draw Strategy works. The basic idea of the Lay the Draw trading strategy is to place a lay bet on the draw prior to the start of a football match. You then simply wait until a goal is scored, ideally by the favourite of the match. Consequently, the draw will become less likely and the odds for the draw typically go up.

Football trading - 'Lay the draw' - Betfair trading strategy

Well, by laying a football team to win halftime/ full-time, we are effectively placing four bets. That is, we are backing the opposition and the draw at half-time, and the opposition and the draw at full-time. If the opposition is winning at half-time, our lay bet is successful. If there is a draw at half-time, then our lay bet is successful.
