Freakonomics Chapter 1 Answers
Analysis. In Chapter 1, Levitt establishes the format he will continue to use for the duration of the book. He begins the chapter with a question—one that might seem ludicrous at first—and then proceeds to answer it using the tools of economic analysis that are the subject of Freakonomics. By the end of the chapter, this question will have been answered, and readers will be equipped with a new basis of knowledge to take with them in order to tackle the following chapter's question.
