Publishing with IET Journals

The Journal of Engineering is a fully Open Access, peer reviewed journal providing a forum for the publication of original primary research findings across the full range of engineering fields, including: Electrical and Electronic engineering

IET Digital Library: The Journal of Engineering

We recognise the tremendous contribution that you all make to the IET journals and would like to take this opportunity to thank you for your continued support. IET Intelligent Transport Systems is an interdisciplinary journal devoted to research into the practical applications of ITS and infrastructures.

IET Digital Library: IET Intelligent Transport Systems

All articles submitted to IET journals go through a rigorous peer-review process to maintain and enhance the quality of the journal, and to help authors improve their manuscripts. Submitted manuscripts are sent to independent expert referees who provide constructive criticism and make recommendations on whether it's ready for publication.

Submitting your Journal Paper - IET

Open Access publishing with the IET With Open Access publishing, you can make peer-reviewed journal articles available to anyone online. This means your work will reach the widest audience possible, who'll be able to read it, cite it and re-use it. All IET journals support Open Access.

Open Access publishing with the IET

IET Generation, Transmission & Distribution is intended as a forum for the publication and discussion of current practice and future developments in electric power generation, transmission and distribution. Practical papers in which examples of good present practice can be described and disseminated are particularly sought.

High Voltage is a fully open access journal co-published with CEPRI (the China Electric Power Research Institute) and supported by Tsinghua University. The journal is indexed in the Science Citation Index Expanded (SCIE) and has received its first Impact Factor for 2019. All Article Processing Charges (APCs) are waived until the end of 2020.

IET Digital Library: High Voltage

Initial Entry Training (IET) is a mentally and physically demanding military training program designed to transform civilians into soldiers. The transformation from civilian to soldier has become more challenging as the ability of IET soldiers to respond and adapt to IET has declined over recent decades.

Estimation of energy balance and training volume during ...

The IET is a world leading professional organisation. We inspire, inform and influence the global engineering and technology community to engineer a better world. We use cookies to give you the best online experience. Please let us know if you agree to all of these cookies. ...

IET - Institution of Engineering and Technology

The IET Journals Archive provides access to an impressive range of historic and ground-breaking articles and is a comprehensive source of historic engineering and technology intelligence.

Subscribe or buy our content - IET

All IET Letters and Research Journals have both Word and LaTeX templates with the exception of The Journal of Engineering, which doesn't have a LaTeX template. You'll be able to download these templates from the author guides, under the 'About' tab of each journal's web page on the IET Digital Library.

How to publish in a journal: FAQs - IET

journal={IET Intelligent Transport Systems} year = {2020} publisher={IET} Real-Time Traffic Flow Parameter Estimation From UAV Video Based on Ensemble Classifier and Optical Flow Ruimin Ke, Zhibin Li, Jinjun Tang, Zewen Pan, Yinhai Wang* IEEE Transactions on Intelligent Transportation Systems, 2019.

Several methods of screening initial entry training (IET) soldiers are being tested in an effort to predict which soldiers will sustain an MSI and to develop injury-prevention programs. The Army 1-1-1 Fitness Assessment was examined to determine if it could be used as a screening and MSI prediction mechanism in male IET soldiers.

Prediction of Injuries and Injury Types in Army Basic ...

Open access publishing with the IET is funded through author publication charges. This model differs from the subscription based publishing model, whereby readers (or more commonly, readers' institutions) pay for access to journal articles. For more information, contact us on journals@theiet.org. Why publish in IET Wireless Sensor Systems?

Call for Papers IET Wireless Sensor Systems

The journal has been produced quarterly since 1919 and a complete set can be accessed at the IET Archives. The journal is an important tool for research as it contains a wealth of information regarding not only women in engineering but also a wide variety of information for social history, gender studies and innovation in the UK since 1919.
