Ease load on firewall by sorting firewall filter, NAT and mangle rules; 2.4 Ease load on firewall by using no-mark as a mark for packets and connections

## **Tips and Tricks for Beginners and Experienced ... - MikroTik**

The Mikrotik firewall, based on the Linux iptables firewall, is what allows traffic to

# Get Free Mikrotik RouterOS Best Practice Firewall

be filtered in, out, and across RouterOS devices. It is a different firewall implementation than some vendors like Cisco, but if you have a working knowledge of iptables, or just firewalls in general, you already know enough to dive in. Understanding the RouterOS firewall is critical to securing your devices and ensuring that remote
