The Consumer Society Myths And

Product X is now "real" in the same sense that Orwell's Comrade Ogilvy is from the novel 1984, a novelistic society that has at its core a conformable set of tenets not unlike Baudrillard's The Consumer Society. The myth of Product X is real and is just as real as it appears to be, and that is the ultimate irony of manufactured simulation.

The Consumer Society (000)

Consumerism is a social and economic order that encourages the acquisition of goods and services in ever-increasing amounts. With the industrial revolution, but particularly in the 20th century, mass production led to overproduction—the supply of goods would grow beyond consumer demand, and so manufacturers turned to planned obsolescence and advertising to manipulate consumer spending.

Consumerism - Wikipedia

The consumer society is living in a contradictory movement, dialectical create objects to be accomplished, then destroy them to exist. This increases the dependence of man in relation to the matter ("The consumer society needs its objects to be and more precisely it needs to destroy them")
